

## Overview

Since the launch of Healthy Tri-County ([www.healthytricity.com](http://www.healthytricity.com)) in January 2017, the long-term aspirational goal of our core partners (MUSC Health, Roper St. Francis Healthcare and Trident United Way) and our member participants has remained the same: to improve the health and well-being of every person and community within the Tri-County region. The Community Resource Hub and Guide are intended to provide support to any individual seeking access to local, public health resources that advocate, educate or provide services supportive of the goals and recommendations detailed in [Tri-County Health Improvement Plan 2018-2023](#).

## Community Resource Guide

The Community Resource Guide was developed to provide a printable, sample list of recommended health resources from the following health topics and categories prioritized by Healthy Tri-County.

**Access to Care** – reducing barriers to receiving comprehensive quality health care and services.

Free/Sliding Scale Dental Clinics

Free/Sliding Scale Medical Clinics
